

American Society for Cybernetics

**The Wiener Gold Medal of the American Society for Cybernetics
is awarded to**

Stuart A. Umpleby

for outstanding and profound lifelong contributions to both cybernetics and the ASC.

Stuart Umpleby's broad and thoughtful work in Cybernetics
has enriched and guided the course of
our explorations and the
coordinations of our coordinations.

His connections with the world of government,
international relations and academe
have given reach and credibility to cybernetics

His great efforts as President of the ASC gave the society,
and its view of cybernetics,
a strong and lasting base that has allowed others to build on it.

His commitment to the society
continues to create new possibilities.

Louis H. Kauffman
